Students of the New Testament are confronted with a vast amount of information, both biblical and extrabiblical. Chronological and Background Charts of the New Testament helps the student organize and synthesize this material by providing a helpful visual overview of the data, chronology, historical background, and criticism of the New Testament. This format allows facts, relationships, parallels, and contrasts to be grasped quickly and easily. The 90 charts in this updated, expanded edition are divided into four broad categories: general material, backgrounds to the New Testament, the Gospels, and the apostolic age. They cover a wide range of topics, from basic matters such as a chronological list of the books of the New Testament to less familiar subjects such as “The Roman Military System,” “Rabbinic Writings,” and “The Five Gospels of the Jesus Seminar.” This volume is a useful tool for classroom use, for individual study, and as a handy reference.
