The Journal of Henry David Thoreau, 1837-1861 (New York Review Books Classics) Henry David Thoreau

Henry David Thoreau's *Journal* was his life's work: the daily practice of writing that accompanied his daily walks, the workshop where he developed his books and essays, and a project in its own right—one of the most intensive explorations ever made of the everyday environment, the revolving seasons, and the changing self. It is a treasure trove of some of the finest prose in English and, for those acquainted with it, its prismatic pages exercise a hypnotic fascination. Yet at roughly seven thousand pages, or two million words, it remains Thoreau's least-known work.

This reader's edition, the largest one-volume edition of Thoreau's *Journal* ever published, is the first to capture the scope, rhythms, and variety of the work as a whole. Ranging freely over the world at large, the *Journal* is no less devoted to the life within. As Thoreau says, "It is in vain to write on the seasons unless you have the seasons in you."
