Coming Spring 97! Industry doesn't separate keyboarding, word processing, and other software applications and neither does College Keyboarding. Instead, we blend these tools so students learn to work efficiently. By the time students finish this course, they will be experts in word processing and have a basic skill using the primary applications in the office suite. Organized by independent modules, this text lets you pick and choose topics to give your students the skills they need. This text supports Windows 3.1 and Windows 95.
