HAS AMERICA LOST ITS MARBLES?

- Television sensation Glenn Beck warns of White House plots to institute fascism, communism, and other terrifying “isms.”
- Radio titan Rush Limbaugh charges that a racist Obama regime encourages black schoolchildren to beat up white kids.
- Evangelical luminary James Dobson frets that Christians will be arrested for thought crimes and people will be allowed to marry donkeys.
- Protesters in knickers and colonial-style hats march on Washington with signs that order Hitler-like caricatures of President Obama to return to Kenya.

As madness reigns, pundits, politicians, and cab drivers debate the source of the hysteria. Some blame ignorance; some blame racism; some blame the economy.

After poring over mountains of political screeds and heedlessly subjecting himself to countless hours of Fox News, author Michael Wolraich discovered the secret formula that turns ordinary men and women into fire-breathing, smoke-blowing, right wing maniacs. It’s “persecution politics” . . . again.

In *Blowing Smoke*, Wolraich documents, dissects, and deconstructs the myths that underlie the right’s growing reliance on the politics of persecution, from Joe McCarthy to the Tea Party movement. In the process, he delivers an original and compelling hypothesis with penetrating insight and blistering wit.

At turns hilarious, disturbing, and edifying, *Blowing Smoke* is a must-read account of modern American politics.
