It might be next week. It might be next year. But one day before long you're going to walk into an SAT testing hall and in three hours set the course of the future. "Worried?" Well, Larry, Hannah, Michael, Adam, Manek and Paul were worried, too. But not only have the authors been there and back (with all of them scoring over 1500, including three perfect 1600s), they decided to do something about it. A guerilla guide written for student by students, "Up Your Score" combines the best math and verbal preparation with the strategy you need to psyche out--and not be psyched out by--The Test.
