"Amelia Earhart: The Truth at Last", presents many remarkable and enlightening new findings, eyewitness accounts and analysis, and never-before-published revelations from many unimpeachable sources including famed U.S. generals and iconic newsman and Earhart researcher Fred Goerner's files that reveal the truth about her death on Saipan, as well as the sacred cow status of this matter within the American establishment. "The Truth at Last" explodes the government-created myth that Amelia Earhart's Electra, NR 16020 crashed and sank in the central Pacific off Howland Island on July 2, 1937, and is destined to become the definitive Earhart work.
