Updated to reflect the most recent exams, this test preparation manual presents review chapters with quizzes in each chapter to test students' proficiency in word analysis, fluency, and systematic vocabulary development. The general testing areas covered are reading comprehension, literary response and analysis, written and oral language conventions, writing strategies, and writing applications. This manual also presents four full-length practice exams with answers and a scoring guide to its literary response question. New in this edition is a diagnostic exam with explained answers to help students assess their strengths and weaknesses.
