Figure It Out! The Beginner's Guide to Drawing People Christopher Hart

Chris Hart has a head for figures — human figures, that is. Not only does he draw them with incredible style and flair, he also has a friendly, accessible teaching style that makes his how-to books super-sellers. In this unique figure-drawing course, Chris avoids the usual anatomy lessons that intimidate aspiring artists and gets right down to the basics young illustrators need to get started. Starting with heads and facial expressions, he moves on to full figures, male and female, ideal and average, some in fashion poses and others in dynamic action. On every page, his practical advice and clear examples will help readers achieve terrific results — and have fun every step of the way.
