The rules for color are not black and white.

Color Inspirations contains some of the very best color palettes from the popular website COLOURlovers.com, organized by color family in a logical, easy-to-use format. In this complete reference, you'll discover 3,286 fresh, inspiring color palettes--ready to be applied to your latest design or project and complete with accurate CMYK, RGB and HEX values. In fact, you can use the included CD to import any color palette into your design software immediately.

This comprehensive book also includes a brief primer on color theory and an inspiration section that will help you discover new color combinations in the world around you. It contains everything you need to find the best color palettes for your project in a snap.

From the Introduction:

"We all have some common connections and associations to color based on cultural influences and popular theories, but color is ultimately a unique experience for all of us. And because of that, there is not just one set of rules for how to think about and use color. We live in a global community with tools that allow us to create something independently and share it with the masses. This interconnected environment generates a much wider spectrum of color ideas and color applications."
