How to Be a Great Teacher: Create the Flow of Joy and Success in Your Classroom Wynn Godbold
Do you love teaching, but feel overwhelmed and frustrated? It's no wonder. For years we have lived and taught according to a paradigm that sets teachers up for failure. It goes like this, "A good teacher is like a candle. It consumes itself to light the way for others."

That means you, dear teacher, will burn yourself out for everybody else. Yuck!

You need a new paradigm to live by and steps to transform yourself out of feeling overwhelmed and frustrated to being confident in your practice and participating in life outside of your classroom; while relaxing in the security of knowing you are doing what is right for children.

This book shows you the way to blow out your candle forever and walks you through a new and better paradigm: that of a great fountain teacher.

You have the steps and guidance you need to move from stress to joy right here. Begin the journey today.

PS Life does exist outside of your classroom. The greatest teachers tend to lose sight of that.
