- Content is logically organized into two main sections - a general introduction to mammalian anatomy and a region-specific breakdown - to make studying more efficient and ensure greater understanding.
- Comprehensive, all-in-one coverage of all major species presents everything you need to master anatomic concepts in one text.
- Focus on essential anatomy of each species delivers just the right level of detail to help you establish a solid foundation for success.
- For the first time all images in the text appear in full color! This lifelike presentation clarifies anatomic concepts and structures in vibrant detail.
- Vivid full-color dissection photographs help you translate anatomic knowledge to clinical practice and confidently perform dissection procedures.
- A companion Evolve Resources website reinforces your understanding and helps you prepare for the NAVLE® board exam with 300 exam-style practice questions, a full-color electronic image collection, and more.
