## **Women in Political Theory** Jane Duran

The first volume to explore comprehensively the intersection of feminism, politics and philosophy, *Women in Political Theory* sheds light on the contributions of women philosophers and theorists to contemporary political thought. With close attention to the work of five central thinkers, including Sarah Grimke, Anna Julia Cooper, Jane Addams, Rosa Luxemburg and Hannah Arendt, this book not only offers sustained analyses of the thought of these leading figures, but also examines their relationship with established political theorists of the past, such as Locke, Machiavelli and the ancients. Demonstrating that each of the figures covered was indeed a political theorist of her time, whilst highlighting the strength of her thought and the reasons for which this has not been accorded the attention that it merits, *Women in Political Theory* offers a fascinating overview of the political thought of five theorists whose work is central to an understanding of modern thought. As such, it will be of interest to scholars and students of sociology, philosophy, political and social theory, feminist thought and gender studies.
