Sno Ho/Life In Fusion: Summit City Series Books One & Two Ethan Day

Sno Ho - Boone Daniels seems to have trouble finishing things. Along with the half dozen or so novels he's started, only to abandon mid-way through, his love life could be best described as a series of drive-bys. Boone has spent the past week staying at a ski lodge in the tiny mountain town of Summit City. He's been using his time alone to write while waiting for his boyfriend to join him for their anniversary. What happens to Boone when he winds up dumped on the eve of his one-year anniversary and ends up at a bar having one too many cocktails? Wade Walker. Life In Fusion - Aspiring author, Boone Daniels, always figured love would be as easy as he was. Fresh off a whirlwind winter-vacation romance with ski-god and would-be boyfriend, Wade Walker - Boone was certain that saying goodbye would be the hardest part. He'd survived the unconventional way in which they came together, proven himself somewhat worthy to Wade's hometown of Summit City, and felt certain the self-imposed, six month boy-buffer would prove one thing - their fate was to be forever entwined. Once real life settles in, Boone suffers the realization that no one ever actually said love was easy and that even after you fall, you can still break. As their two worlds collide, he begins to understand that if he can navigate the landscape of life in fusion, he just might get that happily-ever-after...after all.
