Essentials Of Environmental Health (Essential Public Health)

Robert H. Friis

Essentials Of Environmental Health (Essential Public Health) Robert H. Friis

Given the success and positive reviews of the first edition, Friis has kept in tact the features that work well. The author has instead focused on completing a thorough update of tables, figures and data. Major updates: • New chapter (Chapter 14) on injuries • All Web-based sources updated throughout to include the most recent information • Expanded discussion of the history of environmental health, e.g., contributions of John Snow, Lemuel Shattuck, and Walter Reed • New case study on pandemic influenza (H1N1) 2009 • Coverage of recent environmental controversies, such as use of bisphenol A in plastics This best-selling offering from the APHA/Jones & Bartlett Learning Essential Public Health series is a clear and comprehensive study of the major topics of environmental health, including: • Background of the field and “tools of the trade” (environmental epidemiology, environmental toxicology, and environmental policy and regulation). • Environmental diseases (microbial agents, ionizing and non-ionizing radiation). • Applications and domains of environmental health (water and air quality, food safety, waste disposal, and occupational health). With a straightforward, non-technical approach, the author has included many examples and illustrations of environmental health issues. Perfect for the beginning student as well as the experienced health professional, each chapter concludes with study questions and exercises to engage the reader in further study. Looking for more real-life evidence? Check out Cases 7, 13, 14, & 16 in Essential Case Studies in Public Health, Putting Public Health into Practice.

From reader reviews:

Ida Vanwormer:

Nowadays reading books be a little more than want or need but also become a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge even the information inside the book which improve your knowledge and information. The data you get based on what kind of publication you read, if you want drive more knowledge just go with education books but if you want truly feel happy read one having theme for entertaining for example comic or novel. The particular Essentials Of Environmental Health (Essential Public Health) is kind of book which is giving the reader unpredictable experience.

Virginia Benoit:

As we know that book is significant thing to add our knowledge for everything. By a book we can know everything we would like. A book is a list of written, printed, illustrated or even blank sheet. Every year ended up being exactly added. This book Essentials Of Environmental Health (Essential Public Health) was filled concerning science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people has different feel when they reading a book. If you know how big benefit from a book, you can sense enjoy to read a reserve. In the modern era like right now, many ways to get book which you wanted.

Marie Guinn:

As a student exactly feel bored to help reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's heart or real their interest. They just do what the educator want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Essentials Of Environmental Health (Essential Public Health) can make you truly feel more interested to read.

Keith Robertson:

Reading a publication make you to get more knowledge from this. You can take knowledge and information from a book. Book is created or printed or outlined from each source that filled update of news. In this particular modern era like at this point, many ways to get information are available for you actually. From media social such as newspaper, magazines, science e-book, encyclopedia, reference book, novel and comic. You can add your knowledge by that book. Isn't it time to spend your spare time to open your book? Or just seeking the Essentials Of Environmental Health (Essential Public Health) when you essential it?
