The 1848 Revolutions Peter Jones

In 1848 revolutions broke out all over Europe - in France, the Habsburg and German lands and the Italian peninsular. This *Seminar Study* considers why the revolutions occurred and why they were so widespread. The book offers a broad ranging investigation of the social, economic and political circumstances which led to the revolutions of 1848 as well as an account of the revolutions themselves. First published in 1981, and fully revised in 1991, the study has long established itself as one of the most accessible and valuable introductions to this complex subject.
