"At last, a practical book that helps us move our thinking in the critical future area of major gift fundraising. As one of the oldest techniques in the fundraiser's armory, we have sat for too long using the same frameworks and techniques; this book offers new thinking, new insights, and new approaches that will help fundraisers harness the potential of the growing band of high-net-worth individuals within their country and internationally. This book is packed with up-to-the-minute, practical information that will enhance existing major gift programs as much as it will help beginners get their head around where to start."
--Tony Elischer, Managing Director, THINK Consulting Solutions

"Institutional advancement is a deeply personal process that requires in-depth understanding of our supporters, to the degree to which specific aspects of our own priorities reflect our donors' personal aspirations and interests. Prospect research is indispensable to this process and to identifying possible supporters from thousands of possible donors--it would have been impossible for the University of Toronto campaign to have succeeded in the absence of our investment in prospect research."
--Dr. Jon S. Dellandrea, Pro-Vice-Chancellor, Development and External Affairs, University of Oxford

"Major Donors offers some of the best advice from some of the world's leading prospect researchers, and it will help you to become a much better fundraiser. It is a great resource and an important part of any fundraising library. When you follow the advice in this book, you will raise much more money."
--Harvey McKinnon, President, Harvey McKinnon Associates author of *Hidden Gold* and *How Today's Rich Give*, and coauthor of the international bestseller *The Power of Giving*
