**First on the Moon: A Voyage With Neil Armstrong, Michael Collins and Edwin E. Aldrin, Jr.** Neil Armstrong, Michael Collins, Edwin E. Aldrin Jr.

Dust jacket notes: "First on the moon. The sound of the words themselves cannot convey their full meaning, the weight of wonder that they bear. The time, money, lives, will, knowledge - the total effort that went into putting man on the moon is beyond measurement. First on the Moon: A Voyage with Neil Armstrong, Michael Collins, and Edwin E. Aldrin, Jr. is the exclusive story of Apollo 11 and the always thrilling and historic personal experiences of the three astronauts who put man on the moon. It is a voyage in every sense of the word - through time, from President Kennedy's fateful pronouncement on May 25, 1961, that the United States would put man on the moon before the decade was out, and through space, with Mercury, Gemini, and Apollo....Life senior editor and Life staff writer Dora Jane Hamblin have spent many months with - indeed, living with - the astronauts and their families. Not only is the flight excitingly and thoroughly documented, with the astronauts' own thoughts and words woven through the recorded transcript with Houston, but the atmosphere in the astronauts' homes during the flight is faithfully recorded...."
