Patina: 300+ Coloration Effects for Jewelers & Metalsmiths Matthew Runfola

An explosion of patination methods from beginner to advanced skill levels!

Patina offers a collection of over 300 metal patination recipes, application instructions, and full-sized samples for anyone working in metals, including jewelers, sculptors, and metal artisans.

This all-skill-level book covers steel, stainless steel, copper, brass, bronze, silver, and aluminum. Neatly organized by metal type then by color for ease of reference. *Patina* discusses variables that affect the overall metal coloration such as surface preparation, chemical formula, application method, and more. Cross-references take you to the variety of patination techniques offered, including immersion, brush application, spraying, fuming, layering, using resists, hot and cold applications, and more. All recipes feature step-by-step illustrated instructions. *Patina* also discusses safety issues and handling and disposing of hazardous or corrosive materials as well as proper ventilation. This book is an inspirational resource, a how-to guide, and a book that you have long been waiting for.

So now let us explain to you the relaxing pattern is your body and mind is going to be pleased when you are finished studying it, like winning a sport. Do you want to try this extraordinary investing spare time activity?

Joshua Cameron:

As a student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's internal or real their hobby. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Patina: 300+ Coloration Effects for Jewelers & Metalsmiths can make you really feel more interested to read.
