The new edition of FUNDAMENTALS OF ACCOUNTING incorporates a revolutionary instructional model that makes the material more accessible to students. Illustrations appear at the top of each page, with text that refers directly to the illustration directly below. Chapters are divided into easy-to-digest lessons with exercises at the end of each lesson to ensure student comprehension. This new instructional model is simply the best way to teach the real world of accounting! As always, all three accounting cycles are covered when Course 1 and Course 2 texts are combined, giving students a full view of the world of accounting. Course 1 encompasses the first two accounting cycles, while Course 2 includes the third cycle.
