**History of Music in Western Culture (4th Edition)** Mark Evan Bonds PhD

*Learn the History of Music, through Music.*

*A History of Music in Western Culture, 4/e* is based on the premise that the best way to convey the history of Western music is to focus on specific works of music. The text is structured around a carefully selected repertory of music that reflects the development of the art form throughout time. Mark Evan Bonds helps readers gain a broad understanding of the nature of music, its role in society, and the ways in which these have changed over time. *A History of Music in Western Culture* challenges students to think critically about the nature of music and its past.

Once familiar with a representative body of music, students can better grasp the evolution of musical style and music's changing uses within the Western tradition. Students will have a sound basis from which to explore other musical works. This text builds its narrative around the core repertory represented in the *Anthology of Scores* and the corresponding sets of compact discs.

## Learning Goals

Upon completing this book, students will be able to:

- Grasp the evolution of musical style and music's changing uses within the Western tradition.
- Have a sound basis from which to explore other musical works.
- Gain a better understanding of the nature of music
