Mike Rusiski builds his career to become a CEO and when he finally lands his dream job, he's stunned when the Board of Directors reveals to him that his new company has been keeping the biggest secret in human history. A benevolent demon acts as a self-appointed protector of this secret by taking the souls of anyone who would betray, sabotage or impede the company. But an evil demon named Racken is bent on ruling all of Hell, and his plan of domination requires the destruction of Mike's company in order to complete his quest for domination. So Racken gives Mike an ultimatum: he must either choose the destruction of all mankind or opt to betray the corporation and all its secrets, thus sacrificing his soul to Hell for eternal suffering. But to make matters worse, if Mike chooses sacrifice, it would mean the collapse of his company, which would cause social and economic destruction across the globe. The decision Mike faces pits him against powerful forces he doesn't understand and can't control. Will his guiding belief that there is no such thing as a no-win situation be enough to save the world and himself? Or will two young sisters be his salvation?
