Creation Made Free: Open Theology Engaging Science

Open Theology offers an advantageous framework for engaging the sciences. With its emphasis upon creaturely freedom, relationality, realist epistemology, and love, Open Theology makes a fruitful dialogue partner with leading fields and theories in contemporary science. In *Creation Made Free*, leading proponents of open theism explore natural and social scientific dimensions of reality as these dimensions both inform and are informed by Open Theology. Important themes addressed include evolution, creation ex nihilo, emergence theory, biblical cosmology, cognitive linguistics, quantum theory, and forgiveness.
