Game Plan is the first "how to" investment handbook of its type. It will explain the emerging risks and provide a complete game plan of response for investors at all levels. Freeman will explain that there is no "one size fits all" solution as events are happening quickly and the challenges can morph suddenly. Just as a football team must plan for a variety of offensive strategies and attacks, investors must be prepared to strategically adjust. This book provides the game plan to respond and succeed.

- The proper use of gold in your investment strategy

- The smart way to diversify your portfolio
- How to decrease your bond holding vulnerability
- How to judge a guarantor in guaranteed investments
- How to avoid falling into the marketing hype for Hedge Fund scams
- How to find a properly trained investment advisor
- How to advance wealth at the individual level
- How to win the global economic war
