Five Questions. Five Steps Do I really need to struggle the way my parents did or still do? Am I worthy of anything more than what I have been given? Can I really make the changes in my life I desire? How can I ever move past the negative voices in my life, in my own head? Am I forever doomed to this life of misery as another Cog in the machine? I read all the books from Brene Brown, Steven Pressfield, John Eldridge, Dan Miller, Jon Acuff, and Dave Ramsey searching for these answers. It wasn't until I hit rock bottom that I found them. On a cold fall night caged up like a lion when John asked me one question. Here lies the key to your future That night I began the journey to answer these 5 questions. A journey of personal transformation that has led me to the life I live today as a Speaker, Coach, Author, and most importantly Husband and Father. The Confident Father's Guidebook has lead me there Listen as you discover and uncover the questions in your life that will lead to your transformation and enjoy the gift of these 5 steps that will allow you to rediscover who and what matters most in your life. There are only two days that matter most in the life of a man. 1. The day he loses his father. 2. The day he becomes a father. The third, if you will, is the day he blends life lessons of those two and becomes: The Confident Father. This book is the road to finding your own path to reaching that level in life if day number three has yet to come upon you. That is my gift to you.
